5. Financial Update - Jestila

a. Approval of July 2025 financial statements**

Mr. Stowe presented the financial report in Ms. Jestila's absence.

Total patient revenue for the month was \$4.958 million, current year-to-date revenue at \$46.3 million. Year-to-date operating expenses were \$27.2 million, with \$2.84 million for the month. Net income was \$45,646 for July and just over \$400,000 year-to-date, reflecting positive operating revenue both for the month and year-to-date.

Respiratory services continue to show strong growth, with 6,458 procedures to date compared to 5,701 in 2024, 3,553 in 2023, and 1,889 in 2022. Stowe highlighted this as an example of how creating capacity within the organization supports growth. The Convenient Care Clinic has also experienced strong growth, and wound clinic visits are trending upward, with an annualized volume of 1,076 compared to 931 in 2024, 673 in 2023, and 442 in 2022.

On the annual report, total revenue for fiscal year 2024 was \$56 million, compared to \$44 million in 2023, \$40 million in 2022, and \$35 million in 2021. Stowe noted that this fiscal year may outperform last year's results.

A motion was made by Younggren and seconded by Mason to approve the July 2025 financial statements. All were in favor, and the motion carried.

6. Bayside Update - Stowe

a. Approval of June 2025 and July 2025 Bayside financial statements**

Emily Dault presented the June 2025 financial statements to the board. The income statement showed operating expenses at \$4.8 million, under the budgeted \$5 million. Cash flow from operating activities reflected a decrease of \$76,000. She also presented the July 2025 statements. Operating expenses remained below budget, with net income of \$29,180 and expenses \$150,000 under budget. Cash flow made up the \$76,000 from June. Dault noted that many areas of improvement in cost savings have already been identified. Census in July was 52, with a capacity of 59. The facility is not yet able to admit new patients, pending a state revisit.

A motion was made by Wadaga and seconded by Younggren to approve the June and July 2025 Bayside financial statements. All were in favor, and the motion carried.

7. Oracle Update - Stowe

Stowe shared with the board a spreadsheet outlining the projected costs for migrating to Oracle. He requested board authorization to sign an agreement prior to August 30th, contingent on his ability to include contract language ensuring that any grant funding received could be applied to the project. If the contract language is acceptable, the board authorized him to proceed with signing.

Dr. Ingram reported that charting time has already decreased significantly with the AI tool, from 15 minutes down to 4 minutes, and provider notes are now more complete and capture additional information. The AI has been working very well for providers, and in the new system, it will also be available to nurses, increasing efficiency across all departments.

A motion was made by Mason and seconded by Wadaga to authorize Stowe to sign the agreement under the stated conditions. All were in favor, and the motion carried.

8. Wound Care Update - Peltola

Peltola reported that UP Engineering submitted the information requested by the state-level building inspector last week. Approval is expected by the end of this week. If

approval is not received, efforts may be escalated through Senator McBroom and Karl Bohnak for assistance.

AirGas would like us to extend the pad three feet out and add a gravel pad, so we will move forward with that. AirGas also confirmed they expect to have their equipment onsite by mid-September, so the project should not be delayed. Overall, the project remains on track.

9. Mayo Telestroke Update - Engle

Engle reported that the program is on track, with onsite training scheduled for September 4th and go-live set for September 10th.

10. Physician Group Update - Van Ess

Van Ess reported that space is becoming tight, so a storage room is being converted into office space for midlevel providers, with completion expected in the coming weeks. Payton Holma will begin within the next month and a half. Stowe and Van Ess are also in discussions with three potential new providers, with conversations progressing well. One candidate is a family practice resident in Marquette who has completed a fellowship in palliative care and hospice. She will be visiting next week, with the possibility of serving as hospice and home care medical director as well as taking on a role at Bayside Village. She has also expressed interest in conducting home visits for elderly patients.

Dr. McBride has been onsite for the past two weeks, seeing between 17–20 patients each day he is here. His official start date is in September.

Van Ess also shared information on the Chronic Kidney Disease grant. The original grant was for \$25,000; however, Blue Cross has indicated a stronger grant opportunity through Copper Shores titled "Improving Healthcare for Seniors in the U.P." This new grant would provide \$50,000. Additional information is being gathered to support the application, which is due September 12th.

11. Quality Update -Peltola

Peltola reported that a pizza fundraiser will be held tomorrow to support an employee in Dietary. A basket raffle is also planned for next month.

12. Management Update (attached)

- a. CEO Report*: Marketing, Employee Recognition, Home Care and Hospice, Corporate Compliance, Senior Life Solutions, Human Resources, Pharmacy

13. Other

Emily Dault reported that the wheelchair van is officially complete. Once Copper Country Ford receives the vehicle, the hospital will be able to purchase it—hopefully before the end of the fiscal year. The lift installation will be handled by a company in Green Bay.

14. Public Comment

Menge shared that patients visiting the convenient care clinic on Sundays are unable to obtain medications locally and must travel to Houghton. He suggested this may be something to look into.

15. Next Meeting: September 16th, 2025 5:00pm -BCMH Main Conference Room

16. Adjournment -Beer

Ms. Beer adjourned the meeting at 5:50 p.m.

Motion: Younggren, Second: Wadaga - All in favor, motion carried.

Respectfully submitted,

Carole & La Painte

Carole LaPointe, Secretary CL/Imb

STATE OF MICHIGAN BARAGA COUNTY BOARD OF COMMISSIONERS RESOLUTION, OCTOBER 14, 2025

WHEREAS, There are currently five Behavioral Health Hospitals in the entire State of Michigan, none of them located in the Upper Peninsula, and

WHEREAS, The need for such a facility is very high in the Upper Peninsula but the only facilities available to meet this need are below the Bridge, and

WHEREAS, Local law enforcement agencies in the Upper Peninsula are frequently tasked with transporting citizens with severe mental health issues to one of these downstate facilities, and

WHEREAS, These mental health transports involve many hours and hundreds of miles taking much needed manpower off the streets and incurring great expenses for local units of government, and

WHEREAS, Every Upper Peninsula law enforcement agency has been contacted and every one has acknowledged the tremendous waste of manpower and the risks inherent in transporting individuals with mental health issues over great distances by law enforcement officers who are untrained in how to handle these special need individuals, and

WHEREAS, Contact has been made with every county, village, township, tribal and college law enforcement agency throughout the Upper Peninsula and they unanimously support the establishment of a Behavioral Health Hospital in the Upper Peninsula, and

WHEREAS, Collaboration amongst the local governments in the Upper Peninsula is critical to convincing the legislature in Lansing to support funding and maintaining a Behavioral Health Hospital in the Upper Peninsula, and

WHEREAS, Collaboration amongst the local governments in the Upper Peninsula is also critical to creatively identifying and securing funding necessary to augment any forthcoming state funds necessary to adequately build and operate a Behavioral Health Hospital that can be shared and benefited from by all.

NOW THEREFORE, BE IT RESOLVED: That the Baraga County Board of Commissioners supports the establishment of a Behavioral Health Hospital in the Upper Peninsula, and

BE IT FURTHER RESOLVED, That the Baraga County Board of Commissioners stands ready to work collaboratively with other local units of government in the Upper Peninsula in order to accomplish that goal by lobbying our representatives in Lansing to provide funding, and by identifying our own resources that may be used to make such a facility a reality.
